

# UNDERSTANDING the NEW ACS Airman Certification Standards

The FAA's NEW PLAN IS HERE! The new Airman Certification Standards (ACS) framework for certification of pilots, starting with the Private Pilot Airplane and Instrument Rating Airplane. The NEW system provides better correlation between written exam, training and the practical test.. The elements previously known as Practical Test Standards, (PTS) are very much the same but with the overlap, redundancy and irrelevant items streamlined or removed. Mark Boss will explain!

**Directions:** Van Nuys FLYAWAY. (northeast corner of Woodley & Saticoy Street - East of VNY Airport) -- Free parking the 30-minute parking area for seminar attendees)

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
